# GROWING LOVE COMMUNITY GARDEN

## ABOUT

Growing Love is a public space open to all and has become a hub for gatherings, big and small. Community members often meander through to meet with friends, sit with a cup of coffee at the bistro tables, spend time with their families in the children's garden, or attend a myriad of social activities including learning workshops, adult yoga, children's art and music classes, meditation workshops, seasonal cultural events, artisanal vendor markets, gardening workshops, live music, seasonal and holiday celebrations and more.

Run entirely by volunteers, Growing Love Community Garden is a grassroots 501(c) 3 nonprofit located in the Village of Manorhaven (Port Washington). What started as an idea by three local mothers to revitalize unused land and bring access to fresh produce, green space and healthy living to local apartment dwellers and residents, quickly flourished and has become a thoughtfully designed community hub and natural respite for community members.

In our 13,000 sq ft garden, there are 40+ garden plots where individual gardeners and organizations tend and grow plants and produce for a nominal annual fee. Scholarships are available for those in need and extra produce from plots and from the communal vertical garden is donated to the local food pantry at Our Lady of Fatima, serving the community of Manorhaven. There is a peaceful shaded memorial garden for meditation and contemplation, and a natural children's garden to stimulate creative and sensory play.

# WE ARE SEEKING CORPORATE SPONSORS TO SUPPORT THE REVITALIZATION AND BUILD-OUT OF THIS PUBLIC SPACE.

Our garden is unique in its mission and purpose. Your investment will be utilized to develop the public space and to solidify the sustainability of Growing Love Community Garden as a gathering place for community and individual well-being.

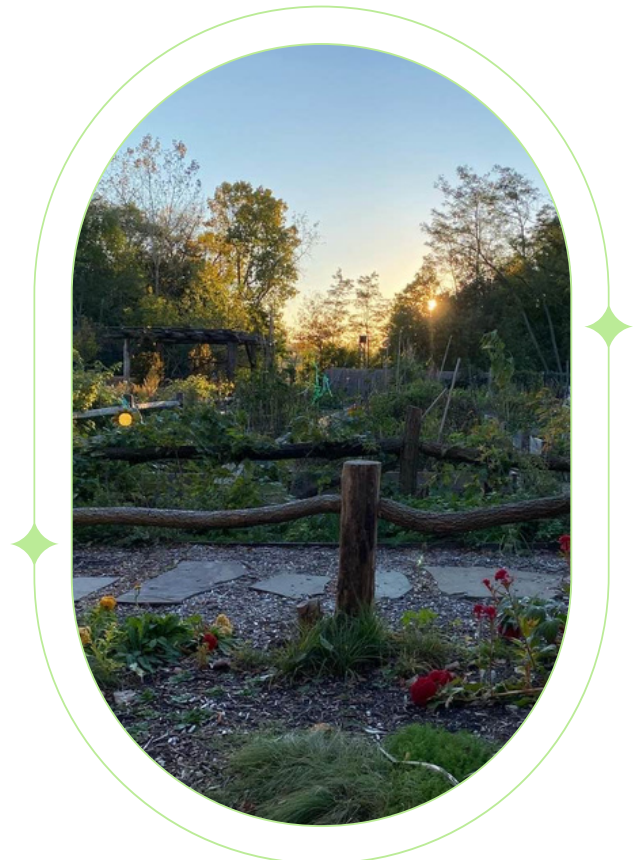

While contributing to the Growing Love Community Garden not only provides a community benefit in an underserved area, it offers a unique opportunity to be at the very heart of wellness within our community, literally from the ground up.

There are many additional advantages for you and your business as well.

These include:

- Donations are tax-deductible
- Increase your company's brand awareness in print, media, and on the web
- Enhance your image in the community
- Associate your organization with a grassroots community-based nonprofit, environmental awareness, and healthy living
- Increase visibility to the Manorhaven and Port Washington communities
- Public recognition for your support (press releases, news coverage, etc)
- And most importantly, create positive **IMPACT** quickly

# BUILD OUT #1

## PERGOLA SPONSORSHIP INSPIRATION PHOTOS

We're raising to build a 24'x24' rainproof shaded pergola in a central spot in the garden to be utilized year-round as a respite from the sun and elements for classes, workshops, and events. (Full plan available).

\*Please note: photos are for inspiration purposes only

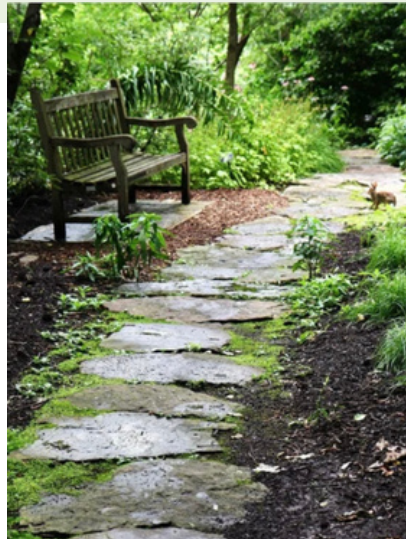

# BUILD OUT #2

## WOODLAND WALKWAY INSPIRATION PHOTO

We're raising money to build a 180'x20' woodland walkway. This space will include a hardscape meandering path, native fruiting trees and perennials, outdoor seating, visual interest from the street and outdoor art installations from local artists. (Full plan available).

\*Please note: photos are for inspiration purposes only

# BUILD OUT #3

## LEGACY ARBORETUM & SITTING AREA INSPIRATION PHOTO

We're raising money to build a 40'X68' legacy arboretum and sitting area with fruit trees and native plantings. (Full plan available).

\*Please note: photos are for inspiration purposes only
